

EVDS - Self Enrollment Portal

27 January 2020

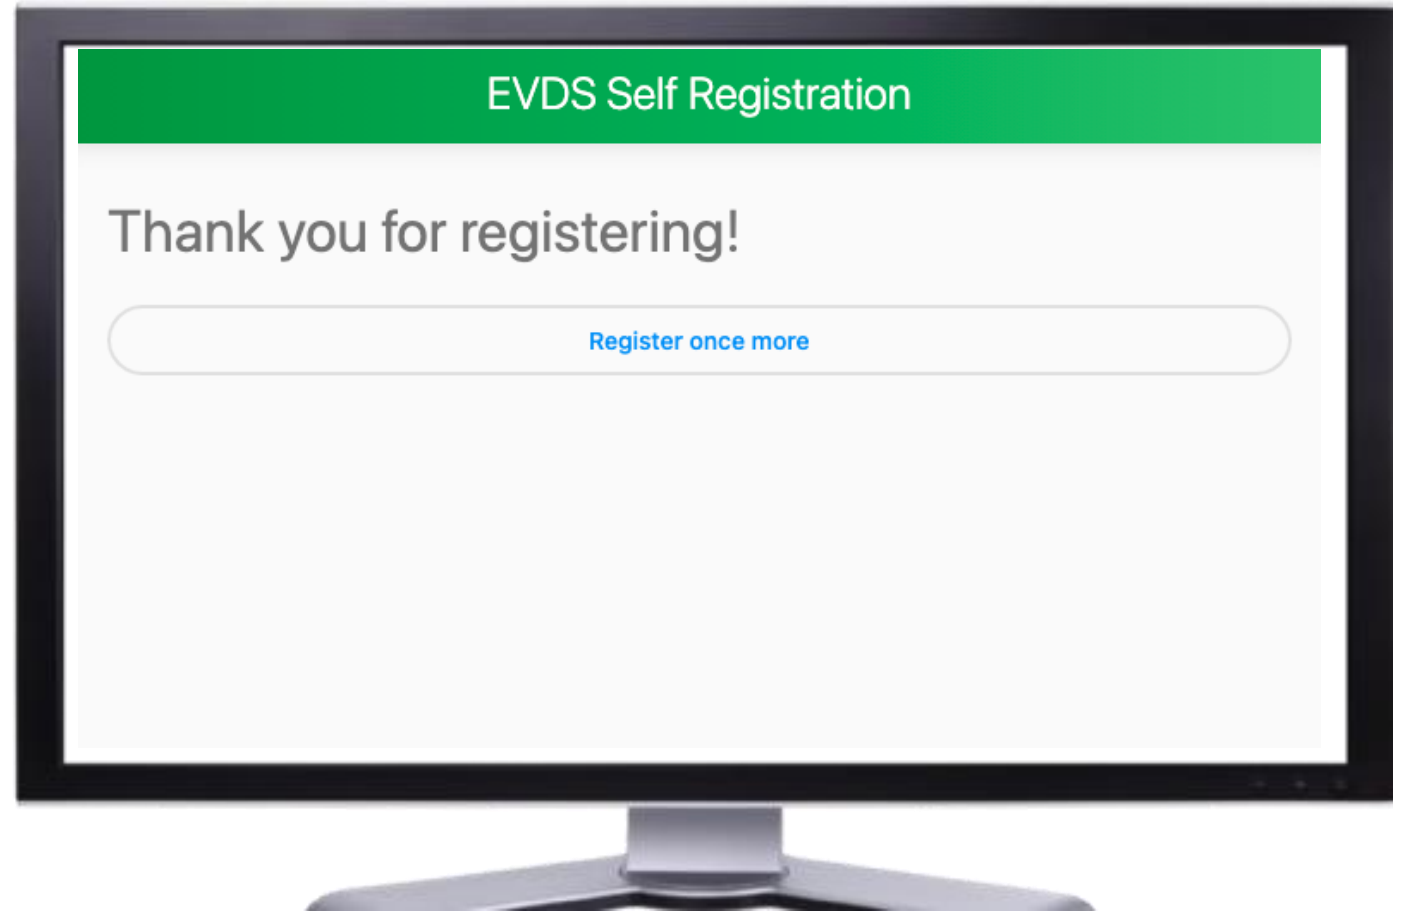

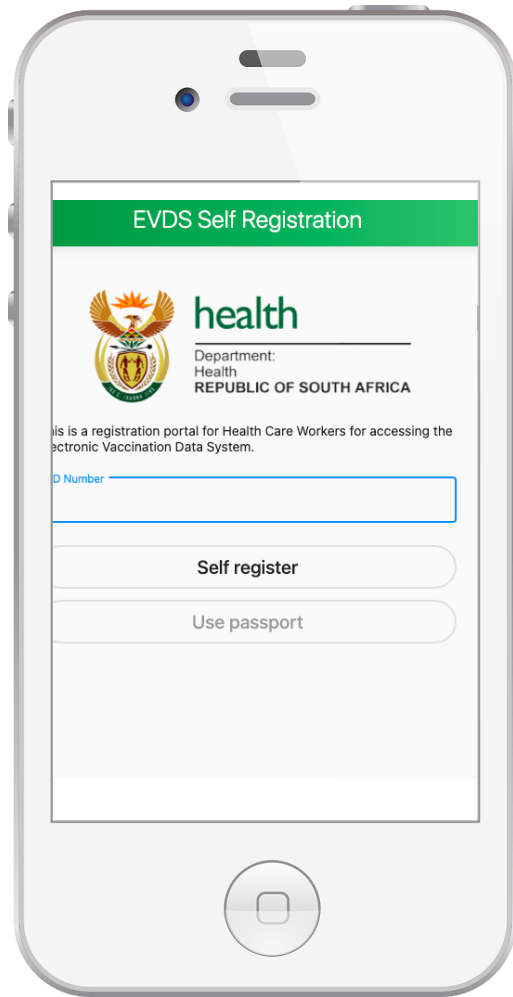

health

Department:
Health
REPUBLIC OF SOUTH AFRICA

Online Vaccine Self Registration for Healthcare Workers

Overview of information requirements

EVDS Self Registration

Step 1: General information

First name(s)
Mary

Surname
Smith

Date of birth
1986/04/27

Gender
Female

E-mail address
marysmith@email.com

Cell number (starting with 27)
+2712097879

Next step

In order to receive a vaccination appointment, individuals will be required to register using the online portal.

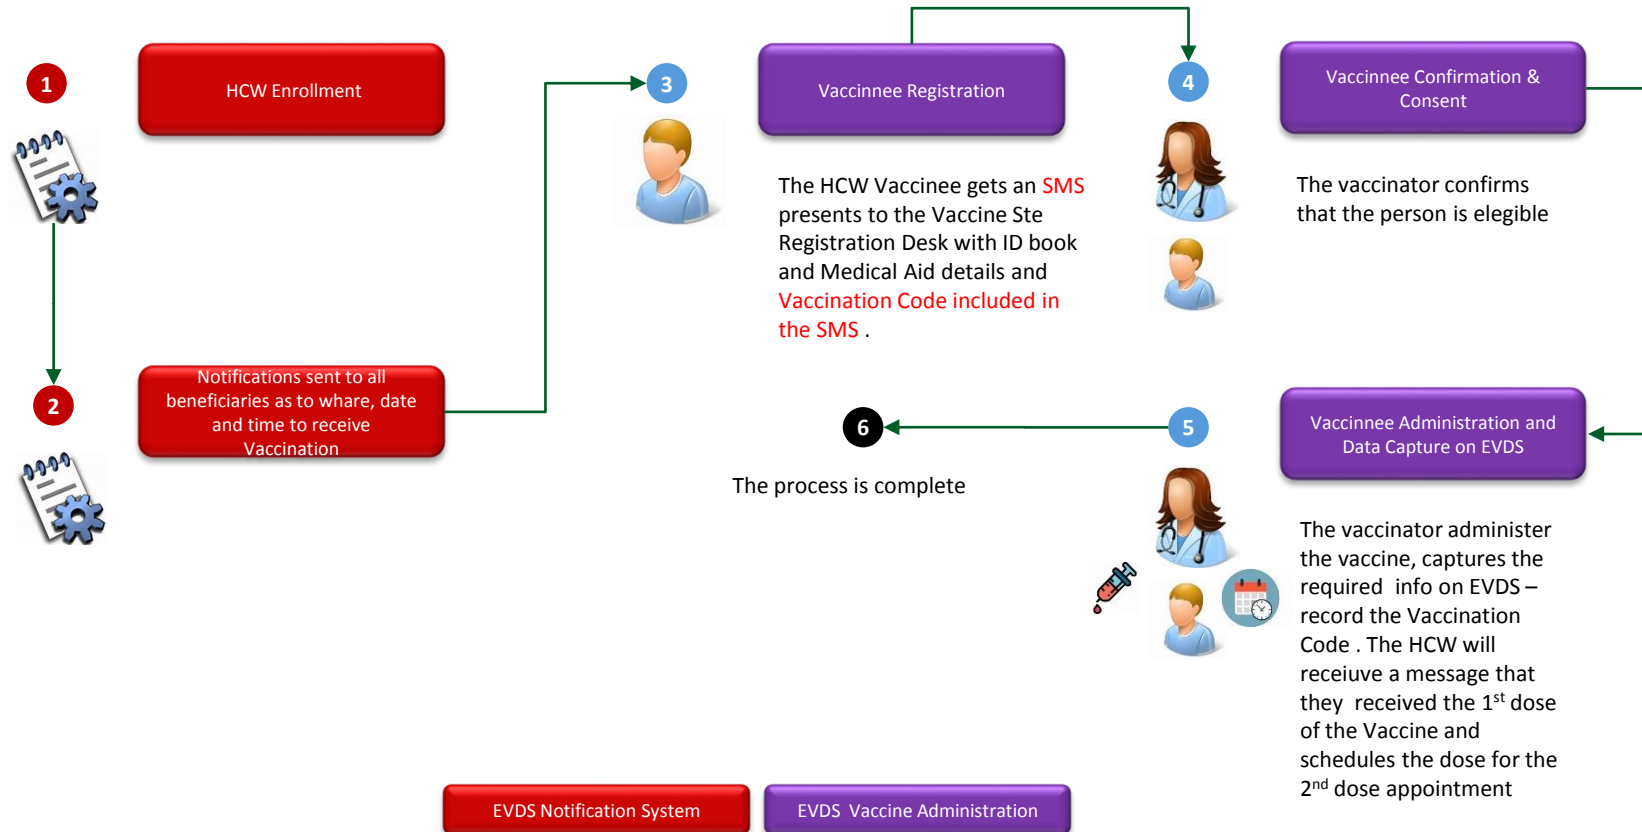

Individuals will submit general information, as well as information about their place of work.

This will be used to match them to a registered vaccination service point when the vaccine is allocated.

Information provided on the portal will also be used to communicate with individuals about the vaccination program when necessary, through this application.

All healthcare workers, public, private, clinical and non-clinical should register online on this platform

Health Care Worker Enrollment and Booking System:

How will you know when portal is live

There will be extensive communication to inform Health Care Workers through different platforms and Mechanisms

- Social Media
- Professional Organisations
- HCW Employers
- Labour Unions
