#IChooseVaccination

If you miss your turn, you'll be sent an SMS with another date. You can also call

0800 029 999
to check.

On your vaccination day, bring your ID (SA or other), your details if you are on medical aid, and your mask! If you don't have any form of ID, you are still welcome.

When you arrive, please feel relaxed and join the queue, keeping a safe distance. You will be shown where to go and what to do.

After being vaccinated, you will be asked to stay for 15 minutes just to check you have no allergy to the vaccine.

After a few hours at home, you may feel like you have bad flu for a couple of days. That is normal. It is just the vaccine doing its job.

If you feel really sick (short of breath, racing heart or serious headache), call 0800 029 999. You will be helped right away.

Afterwards, tell your friends and family about it. Encourage them to get vaccinated when it's their turn.

We have the power to stop Covid-19.

vaccination
Own your life

Don't miss
your turn
to get
vaccinated...

After vaccination,
your chance of
catching Covid-19 is
much lower...

*(Even if you do catch
Covid-19 after
vaccination,
your chance of
getting very
sick or dying is
much smaller)*

THOUSANDS

The vaccine is
of times safer
than catching
Covid-19 from
someone else.

If you are
18 years or
older, the
vaccine is
for YOU!

vaccination
Own your life

*It doesn't matter
whether you are
a South African
citizen or a
foreign national.
It's still for
YOU!*

Listen to the radio or
watch TV to find out
when it is your age-
group's turn to get
vaccinated.

*(Older people go first
because they have a
higher risk of serious
illness or death if
they get Covid-19
before they are
vaccinated)*
