

Calling all Sisonke participants who are nurses

**Vaccinations must end
17 December 2021**

**Only 15 working days to go.
Don't wait until it's too late.**

Leading by example....

A booster will help me to make antibodies to protect me.

Sister Mthethwa shows the way at Bethesda Hospital in KwaZulu Natal where she was first in line to be boosted.

Protect yourself

- A 4th wave now looks very likely
- Boosters are needed to ensure best protection
- Nurses like yourselves are on the frontline

**Please practise self-care
and top up your protection
without delay**

No time to boost?

**Please talk to your
facility manager**

Managers in both public and private facilities have been requested to ensure all those who received a Sisonke vaccination are given time off to attend a booster vaccination.

**Nurses – help us
give you the boost
you so deserve!**
