

Worried about the new variant?

So are we.
One of the best ways to protect yourself is to prioritise your booster jab.

Only 14 working days to go.
Don't wait until it's too late.

There's much we don't yet know about this new variant. Vaccines have provided protection against severe disease for a number of variants of concern to date. It's vital that health workers boost their protection now. Don't delay.

Director of KRISP - KwaZulu-Natal Research and Innovation Sequencing Platform at the University of KwaZulu Natal & CERl - Centre for Epidemic Response and Innovation at the University of Stellenbosch

No invitation SMS?

**Please phone the National
Coronavirus Call Centre to check
your cell phone details**

0800 029 999 (Mon-Fri 7am-8pm;
Weekends & public holidays 8am-6pm)

You may also request a new SMS invitation

OR

Go to

<http://sisonke2.samrc.ac.za/#/>

**Enter your ID or passport details and
follow the links. You should receive a
BD-voucher within one hour of
completing the consent process.**

**Not sure where to
get your jab?**

**More than 350 sites
are providing Sisonke
booster vaccinations.**

Please visit Find my Jab for
your closest vaccination site
<http://findmyjab.co.za>

No time to boost?

**Please talk to your
facility manager**

Managers in both public and private facilities have been requested to ensure all those who received a Sisonke vaccination are given time off to attend a booster vaccination.

No time like the present.
